January 1st 2022: The Inevitability of Crypto With Russell Armand

Russell Armand, Founder and CEO of a next-generation community-driven platform and cryptocurrency Saitama, joins us for today's episode of the Full Time CEO Podcast. Russell was in the military for 8 years before moving into the business and finance space. After hearing about crypto-currency from the younger generation, Russell was driven to empower people of all ages and cultures to be in control of their own money and create their own wealth opportunities. With an MBA in Business Management, he began investing in crypto and learning blockchain development in 2019 and has been actively

Russell was in the military for 8 years before moving into the business and finance space. After hearing about crypto-currency from the younger generation, Russell was driven to empower people of all ages and cultures to be in control of their own money and create their own wealth opportunities. With an MBA in Business Management, he began investing in crypto and learning blockchain development in 2019 and has been actively involved ever since. He took over as one of the Saitama developers in June 2021, and is gearing up for what is to become one of the top 5 cryptocurrencies in the market.
